employed since 2015

Even a small scratch could significantly damage a CD or DVD, so protect your discs with our sleeves. We have white paper sleeves and white plastic sleeves. Our paper sleeves have a window cut out, so you can always see what it contains and a back flap to provide security that helps it from falling out in transit. Our plastic sleeves have the capacity of holding two CD's and have 5 holes for the capability of inserts and/or binding.
